Archived from the original on July 7, 2020. Archived from the original on June 6, 2021. Metacritic. ^ a b Wildgoose, David (May 20, 2022). Gamekult (in French). Retrieved July 8, 2020. This practice of hiding from humans is called the Masquerade, and is upheld by the vampire sect of the Camarilla.[3][5][8] The new Camarilla prince of Boston, Hazel Iversen, is trying to strengthen the Camarilla's presence by bringing Boston and Hartford together.[3] Although vampires previously had been occupied with rivalry between factions, they have changed focus to trying to survive, following events like the fall of London as a home to vampires, and so the Boston Camarilla wants to ensure that all vampires in the Northeastern United States are safe.[7] The story follows three vampires, each about a hundred years old, from different vampire clans with differing views on the Camarilla's rule:[3][7] Lestat, an intimidating man of clan Ventreux; Emem, a "seductive Amazon" of clan Toreador; and Lestat's lover, who depends on a blood concoction.[7] The three investigate conspiracies in Boston following a shootout, starting with who ordered the attack and why.[3][4][5] Development Swansong is developed by Big Bad Wolf[8] and is designed by Clément Plantier.[7] It is based on the fifth edition of the tabletop role-playing game Vampire: The Masquerade,[8] and uses the portrayal of Boston from the 1990s tabletop game books Dark Colony and Giovanni Chronicles, while updating it for the present-day setting. ^ Zwiezen, Zack (October 19, 2019). It was released in May 2022 for Microsoft Windows, Nintendo Switch, PlayStation 4, PlayStation 5, Xbox One, and Xbox Series X/S. Destructoid. "Vampire: The Masquerade-Swansong Coming In 2021". Archived from the original on October 22, 2019. ^ a b Reiner, Andrew (May 18, 2022). Gameplay Vampire: The Masquerade - Swansong is a narrative-driven, single-player role-playing video game[2] in which the player controls three vampires with different vampiric disciplines (abilities).[3][4] switching between them over the course of the game.[5] The player can customize the characters by choosing to upgrade their disciplines and character statistics to suit their preferred playstyle[4] this influences character interaction and skills used while exploring the game world, such as picking locks and hacking computer terminals.[6] Because the player characters often are surrounded by humans, the player needs to be careful about when and where they choose to use supernatural abilities, to avoid revealing their characters' vampiric nature.[7] Throughout the game, the characters are put in difficult situations where the player has to make moral choices,[3] with no obviously correct choice.[7] Synopsis Swansong is set in Boston, in the World of Darkness, where vampires exist unbeknownst to humanity. "Vampire: The Masquerade - Swansong is coming to PC, PS5, Xbox Series X - here's a trailer". Its writing is stilted, its storytelling muddled, and its puzzle design is mostly unimaginative.[18] Rachel Weber of GamesRadar+ lauded the rich universe and exploration mechanics while taking issue with its inaccessible design, underutilization of vampire powers, and poorly conceived conversation mechanics.[20] Gabriel Moss of IGN gave the game a 5 out of 10, criticizing its dull story and gameplay, stating, "Swansong's premise is interesting, but its heroes and villains are bland, and as a result the lukewarm story takes far too long to rev up to its maximum potential." [16] Rick Lane of PC Gamer similarly wrote, "Vampire: The Masquerade - Swansong offers an impressively flexible story, but that can't save it from its mediocre writing and scattershot game design." [17] Phil Iwaniuk of PCGamesN noted that despite its lack of polish and innovation, Swansong's atmosphere, the depth it presented to the player, was its saving grace.[23] John Cal McCormick of Push Square praised the game's lore, vampire-focused narrative, and dark tone while taking minor issue with its confusing puzzles and technical issues.[22] References ^ Thang, Jimmy (August 6, 2021). ^ a b Iwaniuk, Phil (May 18, 2022). ^ a b Van Allen, Eric (May 18, 2022). It's the janky issues, rough exploration puzzles, and a few odd choices that prevent Swansong from being a showstopper." [19] Michael Goroff of EGM appreciated the amount of player choice present, noting that it lent depth to an otherwise standard narrative, but noted that the gameplay balance, facial animations, and emotional beats of the narrative were lacking and underdeveloped.[24] Andrew Reiner of Game Informer reviewed the title much more positively and awarded it an 8.5 out of 10, likening its structure to The Forgotten City while praising the agency it gave the player.[21] David Wildgoose of GameSpot, by contrast, gave Swansong a 4 out of 10, writing, "Swansong ultimately has little to recommend it." "Blood Bowl 3 and Vampire: The Masquerade - Swansong hit by further delays". Game Informer. "Vampire: The Masquerade - Swansong: Everything We Know About the New Game". Retrieved May 20, 2022. GamesRadar. "Vampire: The Masquerade - Swansong delayed into next year". "Over 80 Unreal Engine games highlighted during recent summer events". Critics praised the game's RPG mechanics, player agency, and rich universe, while also criticizing the lack of polish, standard narrative, and dull gameplay. "Mini Review: Vampire: The Masquerade - Swansong (PS5) - Puzzles Hold Back Engrossing Political Vampire Thriller". "Vampire: The Masquerade - Swansong conspires towards a 2021 release". ^ a b Clayton, Natalie (July 7, 2020). ^ a b Goroff, Michael (May 18, 2022). ^ a b c d Yin-Poole, Wesley (October 19, 2019). ^ a b Cal McCormick, John (May 18, 2022). Gamer Network. The developers incorporated some game mechanics from the tabletop game into Swansong, but chose to focus on designing the game around player choices and consequences.[7] Although referencing both past tabletop game material and another video game adaptation, Bloodlines, the game is still designed to be approachable for players who are not familiar with the series.[7] In adapting the tabletop game to a video game format, the developers considered a role-playing video game the best option, for allowing them to tell a story and for giving players freedom to role-play.[6] The game was originally announced to be in development in May 2019,[8] and was presented in October 2019 at PDXCON.[10] Published by Nacon, the full game was released on May 19, 2022, for Microsoft Windows, Nintendo Switch, PlayStation 4, PlayStation 5, Xbox One, and Xbox Series X/S, following delays from 2021 due to the COVID-19 pandemic slowing down the production.[11][12] Reception Reception Aggregate score Aggregator Score Metacritic (PC) 68/100[13] (PS5) 62/100[14] (XSS) 69/100[15] Review scores Publication Score Destructoid 7/10[19] EGM [24] Game Informer 8.5/10[21] GameSpot 4/10[18] GamesRadar+ [20] IGN 5/10[16] PC Gamer (US) 50/100[17] PCGamesN 7/10[23] Push Square [22] Vampire: The Masquerade - Swansong received "mixed or average" reviews, according to review aggregator Metacritic.
